St.Gallen Abbey Precincts

Highlights Day 1

- Rapperswil: roses and castle
- Sitter Viaduct (at 99 metres, Switzerland's tallest railway bridge)
- St.Gallen Abbey Precincts with Abbey Library

DAY 1

Rapperswil – St.Gallen

Your trip begins when you make your way to Rapperswil, famed for its roses. After a tour of the charming Old Town including the roses or the castle with its glorious views of Lake Zurich, it's time to board the Voralpen-Express. Passing through the hills of the Toggenburg and the Appenzell, the train makes its way over the Sitter viaduct, at 99 metres Switzerland's tallest railway bridge and the symbolic gateway to St.Gallen. We recommend a visit to the Abbey Precincts – a UNESCO World Heritage Site – and its centrepiece, the Abbey Library, which is one of the oldest and most beautiful libraries in the world. You'll spend the night at the wonderfully renovated Hotel Krone in Speicher (AR).

DAY 2

Speicher – Säntis – Appenzell

A day of climatic contrasts. You'll travel on the Voralpen-Express from St.Gallen to Herisau, after which there's a trip to Schwägalp. A brief ascent on the aerial cableway finds you at an elevation of more than 2 500 metres on the Säntis, where snow can remain on the ground until high summer. Alternatively, we offer a trip to the revolving restaurant on the Hoher Kasten. On the return trip to St.Gallen, why not pay a visit to the delightful, superbly preserved village of Appenzell. Its picturesque alleys are home to little shops, local crafts and living traditions. In no time at all you're back in Speicher (AR), where you're staying another night in the same guesthouse.

Highlights Day 2

- Trip through the Appenzell
- Säntis with views of 1 000 peaks
- Appenzell village featuring arts, crafts and traditions

Rhine Falls, Schaffhausen

Highlights Day 3

- Stein am Rhein with its picturesque houses
- Boat trip from Stein am Rhein to Schaffhausen
- Munot in Schaffhausen
- Rhine Falls

DAY 3

Speicher – Stein am Rhein – Schaffhausen

Following a hearty breakfast and a final stroll through the Old Town of St.Gallen, it's time to board the train for Lake Constance and Stein am Rhein – a village well worth seeing. With its beautiful facades and favoured location, it has the feel of an open-air museum. Treat yourself to a coffee in the pedestrian zone or by the river. Then board the boat for the two-hour trip down the tranquil Rhine to Schaffhausen. Two of the sights worth taking in here are the Munot fortress and its views over the whole town, and the Rhine Falls, which are no great distance away – the spectacle of unbridled power has to be seen to be believed! Booking an extra night in Schaffhausen is certainly worth considering. This marks the end point of the tour. As you make your way home, you'll have many fond memories of all the highlights you experienced.
